International Cooperation

Tex Area

Our team publishes a catalog devoted to light industry, which includes a marketing review of the world market of cotton, textile, silk, leather products, as well as the latest trends in the fashion industry.

In addition, in this catalog you can find the calendar of international exhibitions and fairs, about fashion weeks, as well as customs duties in the EU, USA, Southeast Asia, South America and the CIS countries.

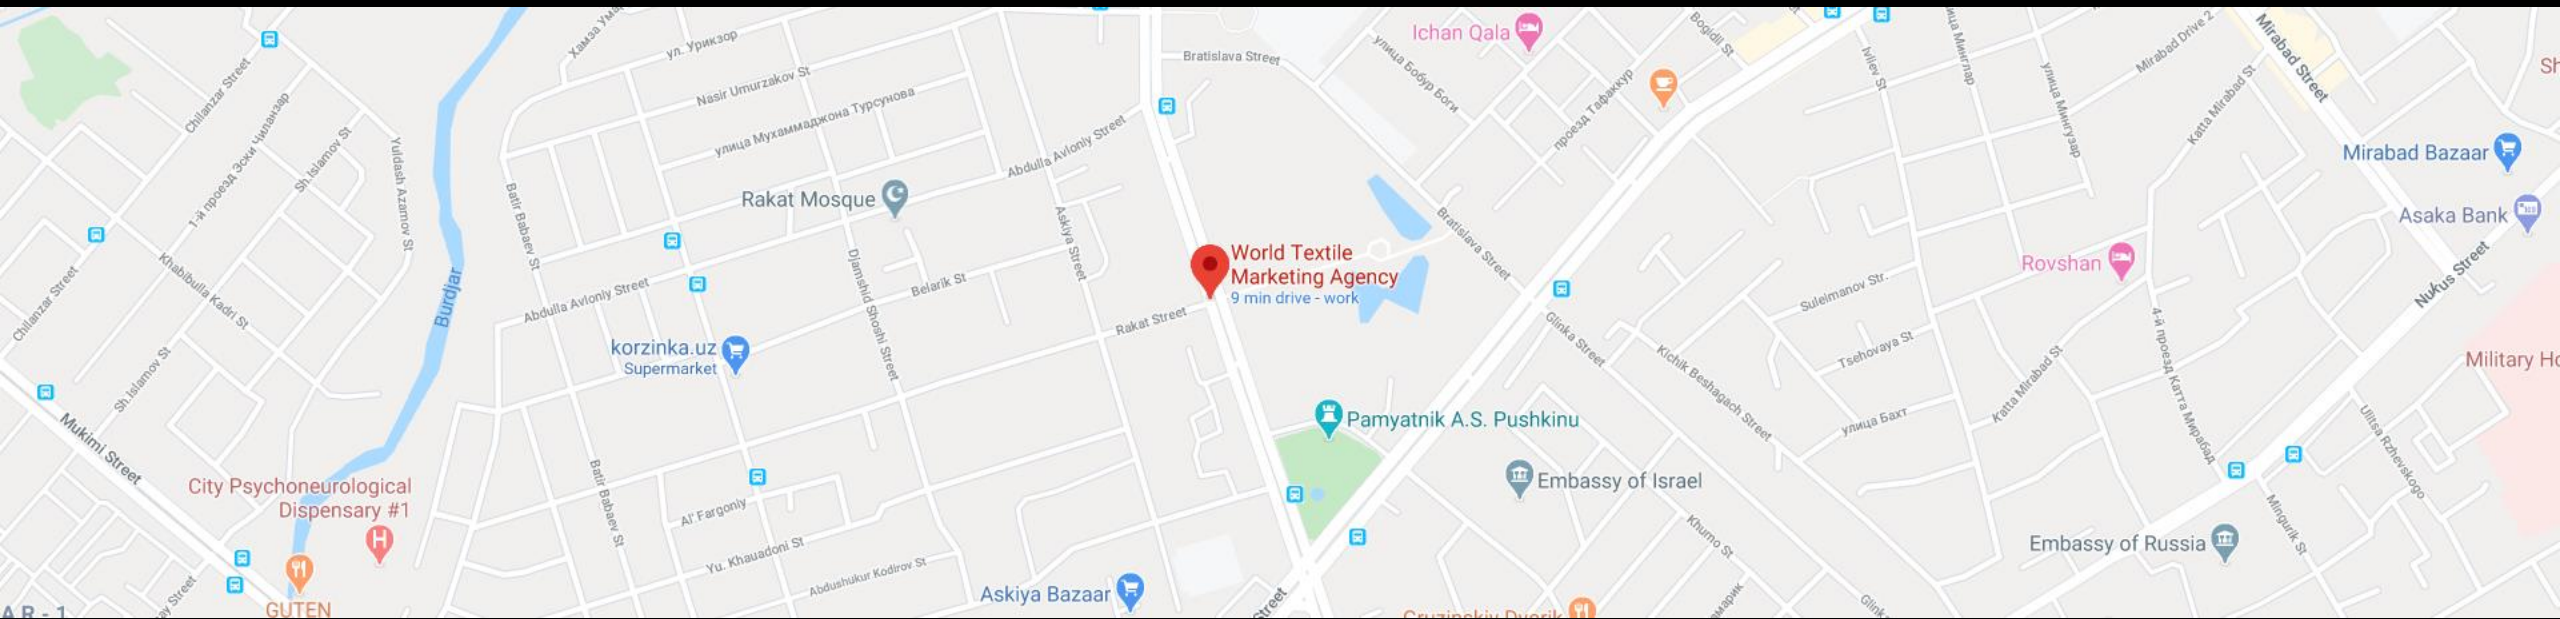

WTMA.uz is not just a website, but also a platform for Uzbek and international designers, where you can get acquainted with their latest collections and brief information about their activities, as well as the latest world trends.

In addition, this site is a territory for inspiration, where you can see various fabrics, vibrant colors and fashion accessories.
